DETAILED ACTION

Allowable Subject Matter

1. Claims 1-32 are allowed.

The following is an examiner's statement of reasons for allowance:

- The primary reason for the allowance of claims 1-32 is the inclusion of the limitation of an ink jet recording apparatus comprising an irradiation controller for controlling the irradiation elements to light at least an irradiation element which corresponds to an ink jet opening which jetted the ink, and not to light an irradiation element which corresponds to an ink jet opening which did not jet the ink, in the plurality of irradiation elements. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
